Deliverance by Caleighoreviews Funboy's body, laying, still and bleeding, series. With Socrates, consciousness is turned back within itself and demands that the law should establish itself before consciousness, internal to it, not merely outside it. Generally, Hegel finds in Socrates a skepticism that renders ordinary or immediate knowledge confused and insecure, in need of reflective certainty which only consciousness can bring. Though he attributes to the sophists the same general skeptical comportment, in Socrates Hegel locates human subjectivity at a higher level.
